CONFIDENTIALITY

It is vitally important for the integrity of the selection policy and those involved in its application as riders, owners, selectors, or other officials, that there is at all times a high degree of confidentiality with regard to information which may have a bearing on selection.

CODE OF CONDUCT

When selecting the team, the selectors will take into consideration, not just the statistical results but also the willingness of the rider to cooperate with the development of excellence in the discipline, and maintenance and development of the reputation of the Team.

Each team rider will need to sign the Team Member Agreement before they are to compete. Selection is subject to compliance with SAEF, FEI and WADA Rules on doping for humans and doping and medication control for equines.

All riders making themselves available for selection must be prepared to contribute towards maximizing their own and their team's potential. This may include attending squad training sessions, assisting other riders through the benefit of their own experience with feedback, competition planning and communication.

VETERINARY

There may be an official comprehensive inspection, at a date to be advised by the selectors in conjunction with the team manager / trainer/ Chef d'Équipe, which any or all horses must attend, and where a blood and / or urine test may be taken. The team trainer or manager may wish for the team veterinarian to visit riders' yards during the build up to a championship in order to monitor potential team horses with regard to health, soundness and fitness. Failure to comply with this policy may influence team selection. Riders are encouraged to have their own veterinarian present during any pre-selection assessments, and to encourage open communication between their own and the team veterinarian – if the team veterinarian is the rider's normal practitioner, an outside consultant may be brought in.

EXCEPTIONAL CIRCUMSTANCES

In the event of exceptional circumstances such as injury or illness, or non-availability in selectors' discretion, the Selection Criteria may be waived or modified in order to enhance the likelihood of achieving the stated goals.

COMMUNICATION

The Selection Policy document will be published on the SASJ website and is available from the SASJ provincial office. The contact person will be either the convenor of the selectors or the chairman of the provincial discipline. Matters pertaining to team selection shall always be referred to the convenor of the selectors.

GRIEVANCE PROCEDURE

- In the event of any form of dispute the athlete is to follow the relevant dispute resolution process.
- Only when all the internal dispute resolution processes of the athlete's Discipline Association have been concluded may the athlete escalate the matter to the SAEF.
- A horse owner (unless also the nominated athlete for that athlete horse combination) may not raise any form of dispute with the SAEF or its members.
- Appeals concerning the non-selection of athletes or horses for the Squad, Team or Individual positions will be heard by the Provincial Federation Appeal Committee. The only grounds for appeal will be a breach of the published Selection Process/Policy, which resulted in the non-selection of the appellant. The ruling of the Appeal Committee will be considered final and binding on any athlete so appealing.
- Only athletes (or a parent/guardian if the athlete is a minor) may appeal their non-selection. • Owners of horses may not appeal any decision.
