

COURSE DESIGNER EDUCATIONAL AND PROMOTIONAL SYSTEM FEBRUARY 2014

Amended Version February 2014

MOTIVATION FOR NEW STRUCTURE OF COMMUNICATION, MANAGEMENT, TRAINING AND PROMOTION FOR COURSE DESIGNERS IN SOUTH AFRICA.

- South Africa would like to formalise, expand and develop its system of educating and examination for promotion of Course Designers so as to dovetail with the FEI programmes for Course Designers.
- Whilst all Course Designers have a responsibility to the sport, a senior Course Designer has a certain social and moral responsibility to assist in the training of the next generation. This responsibility needs to be demonstrated by assisting in further training , attending seminars and then passing on their knowledge , new findings and experiences verbally, and by publishing them and putting them up for discussion .

STRUCTURE OF THE NATIONAL COURSE DESIGNERS COMMITTEE

DEFINITION

- The committee is a sub-committee of the South African Show Jumping
- The committee reports to the sub committee or portfolio holder of South African Show Jumping and may not override or alter any decision of the SASJ

NAME

The name of the Committee is the National Course Designers Committee. Or abbreviated (SASJ)

COMPOSITION

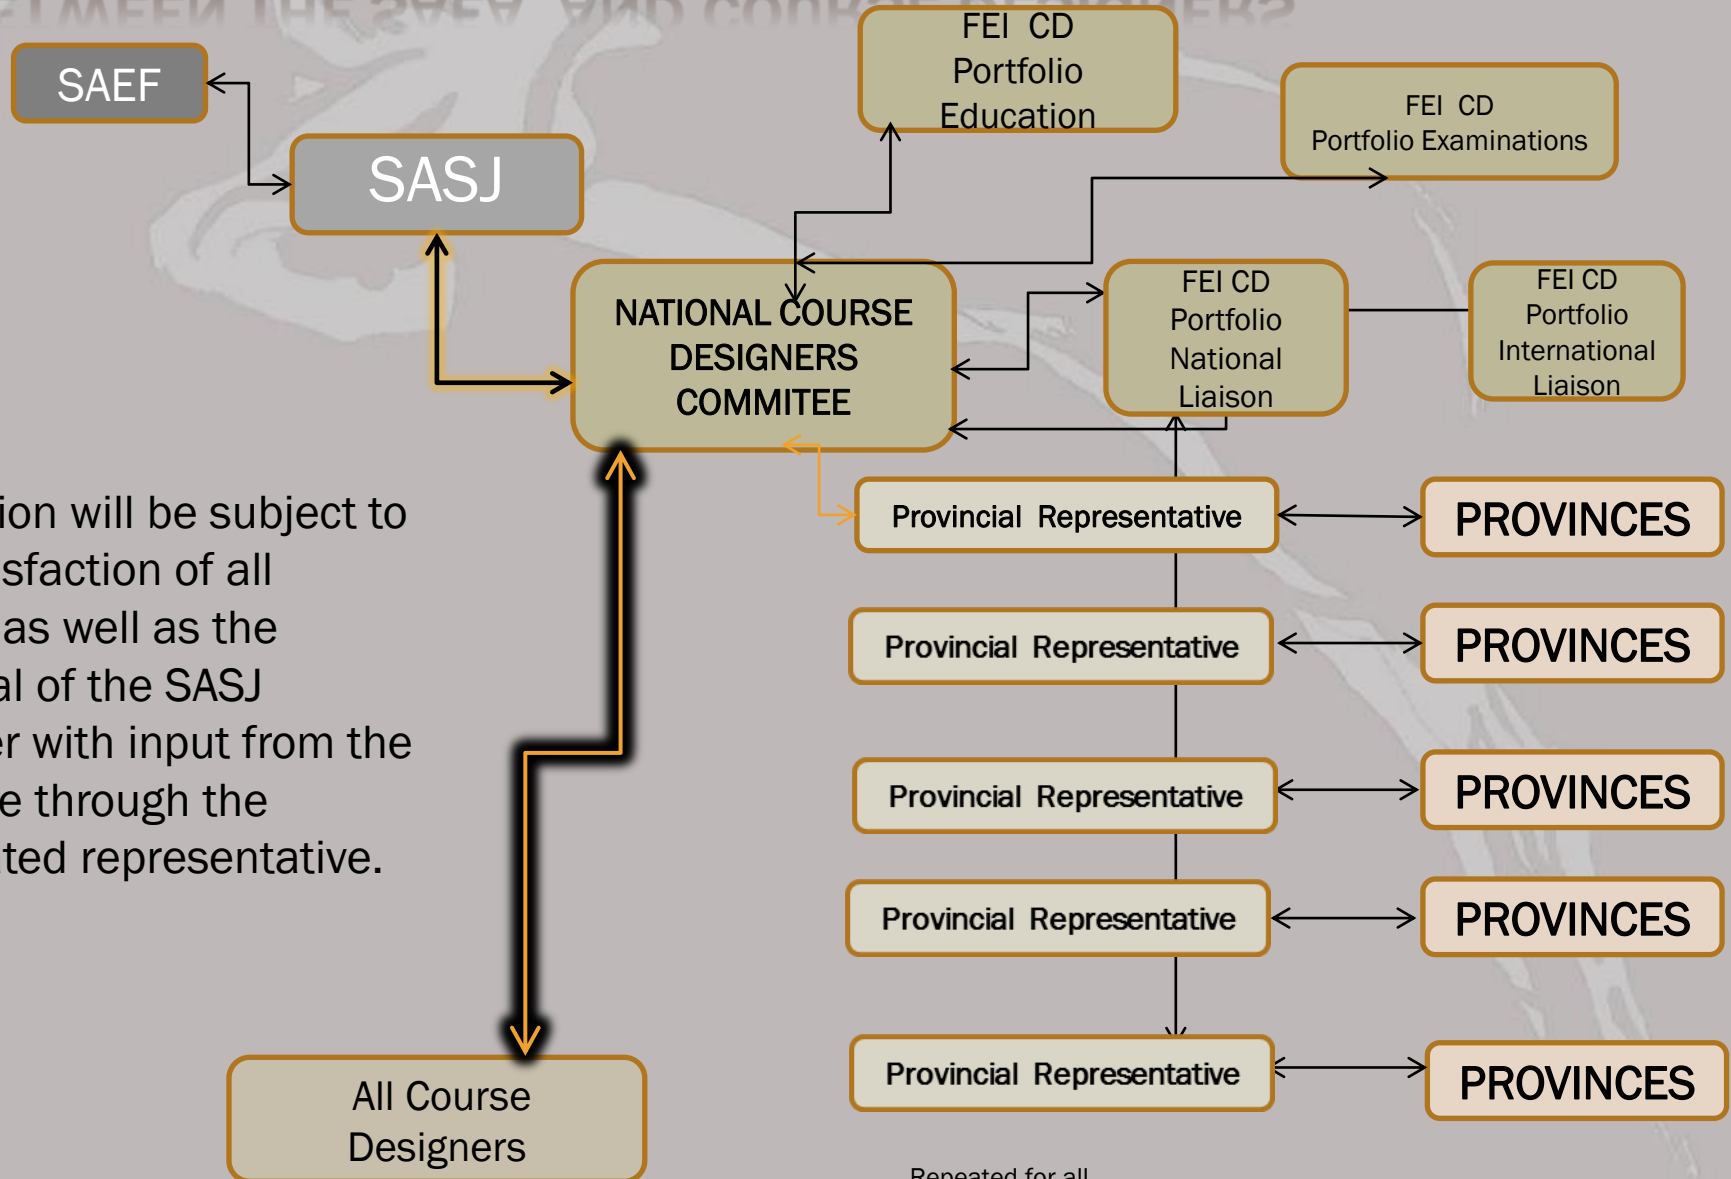

This committee will consist of **three** to **five** members :

- **The core structure shall be made up of all Current FEI Course Designers and retired FEI Course Designers who shall have an automatic right to be entitled a seat on the committee** - the balance of the committee (if need be)shall be made up of **National Course Designers**.
- There will be no co-option of members to this committee.
- Each committee member will hold office for a two year period and may offer themselves for re-election.
- Each member shall have one vote.
- If there are more than 5 available FEI members, an election will take place.
- Each member of the committee will be responsible for a portfolio.
- All proposals resulting from work done for portfolios will be discussed and agreed upon by the committee before submission to the SASJ.
- The SASJ delegated portfolio holder “Officials’ sub-committee” will chair the Course designers Subcommittee but will not have a vote.
- **ALL DECISIONS REACHED AND STUCTURES CREATED MAY NOT BE IMPLEMENTED UNLESS RATIFIED BY THE SASJ.**

DUTIES AND RESPONSIBILITIES

- To implement a structured system of education and mentorship for all CDs in South Africa.
- To ensure that the system is applied and managed throughout the provinces.
- To control all promotions and demotions.
- To establish a list of officials that can oversee others for promotion.

National Liaison

**International
Liaison**

**Examination
and promotion**

MOTIVATION :

All promotion and or demotion :

- Will be managed by senior members of the NCDC, represented by National/FEI Course Designers.
- Will be based on a standardised curriculum and examination process.
- There will be a direct 2 way communication and interaction between the members of the National Course Designer Committee (NCDC), and the Course Designers themselves.
- All Course Designer activities will be monitored, managed and controlled through this committee.
- Provincial representatives will be nominated by each province to liaise with the person on NCDC carrying the portfolio of National Liaison. Together they will manage the framework of seminars, workshops and mentorship of CDs below National level.
- The person carrying the portfolio of International Liaison on the NCDC will manage the same for FEI level CD's.
- On-going education will be provided from entry level upwards, using the broad knowledge base that exists at top level, and therefore provide all the participants with sufficient skills and information levels to move forward-at their own pace.
- This knowledge base would also represent the content of the syllabus required for a seamless promotion from the lowest level to FEI Level 1 .

BENEFITS OF THE NEW SYSTEM

- ❑ Direct two way communication, control and development of all Course Designers from a uniform platform of expertise, judgement and regulation.
- ❑ Warranted promotions will be recognised earlier .
- ❑ A common broad knowledge base will be shared - not limited to the knowledge base available to the smaller regions .
- ❑ Will provide an on-going education program, which will be available to all registered CD's.
- ❑ Will allow the talented CD to develop at a quicker pace and the less skilled to advance at a pace at which he is more comfortable.
- ❑ More consistent course design standards.
- ❑ More confident horses and riders coming up through the grades.
