This must be achieved while ensuring that, at all material times, athletes conduct themselves with propriety, dignity, and fair play, in strict conformity with the code of welfare for their horse, and by fostering a positive team environment.

4. ELEGIBILITY AND COMPLIANCE

Any athlete wishing to be considered for selection must meet, at a minimum, the following requirements:

- Be a registered member in good standing with both SASJ and SAEF.
- Be a citizen of the Republic of South Africa and hold a valid RSA passport.
- Be eligible to compete for South Africa under FEI General Regulations (Article 119).
- Not having any criminal convictions or pending charges of criminal wrongdoing.
- Not having any formal disciplinary action pending at the time of selection or during any material period of the Selection Process.
- Submit a duly completed Expression of Interest (EOI) form for the event along with the relevant horse(s).
- Acknowledge that selection is based on the combination of horse and rider.

6. GENERAL SELECTION PROCESS PRE-CONDITIONS

Throughout the Selection Process, all athletes must:

- Be able and willing to undertake any training and competition programs recommended by the Selectors after consultation, unless a written exemption is granted by SASJ following a timely request.
- Make their horse(s) available for examination at a reasonable time and location as requested by the Selectors or the Team Veterinarian and accept and implement any reasonable recommendations.
- Provide SASJ with accurate and up-to-date information when requested.
- Comply with any additional preconditions communicated in writing by SASJ prior to or at the time of selection.
- Notify SASJ promptly if the athlete or horse suffers any physical or mental impairment that may prevent them from competing at the 2026 Championships at the highest possible standard.
- Confirm that they have obtained the necessary permission from the owner(s) of any horse under consideration. The selection relationship is solely between SASJ and the athlete; SASJ will not communicate directly with horse owner(s).

7. SELECTORS EVALUATION PROCESS

Selectors will evaluate athletes and horses based on the following (with discretion to emphasize one or more factors):

- Primary consideration will be given to performances at CSI 4*/5* or CSI-W events (1.50m and higher) and other high-level events from 1 January 2025 onwards.
- Greater emphasis may be placed on results from nominated and mandatory events at the highest level.
- Head-to-head performance results will be considered, but they will not automatically rank one athlete above another during the selection process.
- The ability and experience of the Athlete or Horse to compete successfully at high-level international competition. Consideration will be given to:
 - Ability to perform under the stress and pressure of a World Championship.
 - Capacity to prepare the horse to peak condition for a major campaign.
 - Contribution to an effective team environment.
 - Consistency of performance and overall form.
 - Each Selector will compile a merit-based list. Any Selector with a personal conflict (e.g., familial or coaching relationships) must recuse themselves from related

discussions and votes. The convenor will have the final decision in cases of uncertainty.

- All meetings, discussions, and decisions will be documented, with the convenor present at every meeting. In the event of a deadlock, the convenor's casting vote will determine the outcome. The final list will be submitted to the President of SASJ for ratification before the SASJ Team is announced.
 - Selectors are mandated to always choose, in their unbiased opinion, the best team for the competition with the object of winning.
- The selection process is a confidential process. Selectors must not discuss the process or decisions with any persons outside the Selection Committee. All discussions, communications, minutes of meetings, documents, decisions and other information exchanged by or produced by any of the Selectors during the course of the selection process will remain confidential and will not be disclosed to any third party, including but not limited to athletes and owners.

The selection committee's decision will be final and binding and not subject to appeal.

8. SELECTION POLICY

To be eligible for selection to compete at the 2026 FEI Jumping World Championships, athletes must:

- In the previous 24 months, have not used, administered, or allowed the administration of any substance that would constitute a positive drug violation under SAIDS and/or WADA regulations.
- Demonstrate that they are not suffering from any physical or mental impairment that would prevent them from competing at the World Championship to the highest possible standard.
- Conduct themselves in a manner that does not bring themselves, the discipline of show jumping, SA Showjumping, SAEF, SASCOC, or South Africa into public disrepute from the beginning of 2025 onward.
- Understand that selection is based on merit and that team positions are a privilege, not a right.
- Accept that while performance at stipulated selection shows is a major criterion, the final decision will also depend on the experience and judgment of the Selectors.
- Exhibit sportsmanship, consistency, and team player potential.
- Make an irrevocable commitment to be available for the competition.
- Acknowledge that decisions made by the Selectors are final and subject only to ratification by the SASJ Executive.
- Accept that Selectors reserve the right to amend or change selection policies as necessary, provided such changes are approved by the SASJ Executive Committee and communicated to all relevant parties.

- Understand that the Chef d'Equipe is responsible for the final selection of the South African Team for the Championships.
