- The Cup comprises three competitions, prizes will be awarded for the 1<sup>st</sup>, 2<sup>nd</sup> and third competitions. **(Three individual classes separate overall winner of the title)**
- The total penalties incurred in each of the three competitions count towards the overall Winner
- Each competition takes place on a different day.

No Athlete may ride more than two horses in the Championship **but for the other classes there is no restriction on the number of horses an athlete may ride.**

### **CHAMPIONSHIP COMPETITION (As per section SASJ Rules)**

#### **The President's Cup Championship comprises:**

**Three competitions**, each taking place over different days

#### **First Competition:**

This first Competition is conducted over a big Table A course judged under Table C (JRs Art. 239 and 263) at a speed of 350mpm without a jump-off in the event of equality for first place.

Penalties

1. The scores obtained by each Athlete will be converted into points by multiplying the time of each Athlete by the co-efficient 0.50; the score must be corrected to two decimal places. The second decimal place will be rounded up if above .005 and rounded down if below .005.
2. The Athlete with the lowest number of points after this conversion will be given zero penalties, the other Athletes being given the number of penalties representing the difference in points between each of them and the leading Athlete. If an Athlete has been eliminated or has retired, the time of the most penalised Athlete increased by 20 seconds, will be multiplied by the above co-efficient to convert his score to penalties.

#### **Second Competition:**

The second competition is conducted over two rounds, the first round over the full course judged on Table A not against the clock, and the second round over a shortened course (eight fences including at least one double combination) judged on Table A against the clock at a speed of 350 metres per minute.
