CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in International Equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses' welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health, before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the Event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper Veterinary care, competition injuries, euthanasia, and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

SOUTH AFRICA SHOW JUMPING SCHEDULE – 2025

Summary of SAEF VETERINARY REGULATIONS - AHS and EQUINE FLU REGULATIONS

Please check for any Updated SAEF Vaccination Directives

EQUINE INFLUENZA

All horses & Ponies competing at SAEF Events must have an Equine Influenza Vaccine within 6 months and 21 days of competition. All horses must have had a PRIMARY Course of Equine Influenza (Only Exception are horses that have been vaccinated every year without a primary course since 2005)

VACCINE 1 (V1)	First Vaccine of the Primary Course. Horse is Not eligible to compete.
VACCINE 2 (V2)	First Booster. Administered between 21 – 60 days after V1. Horse will be eligible to compete after 7 days.
VACCINE 3 (V3)	Second Booster of the PRIMARY Course administered WITHIN 6 months after V2.

Thereafter, if the horse is not competing booster vaccines may be given every 12 months, BUT if the year is exceeded, a Primary course must be repeated.

For competition purposes the horse must have an Equine Influenza vaccine with 6 months and 21 days of competition. EG your horse has had V1 – V3. You do not compete, but 10 months later you decide to enter a competition. Ensure that an Equine Influenza vaccine is administered, and your horse will be eligible to compete after 7 days. It is not necessary to repeat the Primary Course if you have not exceeded a year.

NB: NO HORSE MAY COMPETE FOR 7 DAYS FOLLOWING ANY VACCINATION

AFRICAN HORSE SICKNESS (AHS)

African Horse Sickness is a controlled disease in South Africa, and as such the State Veterinary Department must be notified of any positive cases. According to the Government "Animal Diseases Act 35 of 1984" all Equidae must be vaccinated against AHS annually, (except in the controlled AHS Zones of the Western Cape)

The only vaccine currently registered in terms of Fertilizers, Farm Feeds, Agricultural Remedies and Stock Remedies Act 1947 (Act no 36 of 47) for AHS and therefore the only efficient/effective remedy "as described above is the live virus vaccine produced by Onderstepoort Biological Products (OBP).

For Competition purposes the following apply:

- i) Horses Must be vaccinated against AHS 1 & AHS2 once in a calendar year. (Exception is the Free & Surveillance zones of the AHS controlled area, who require written permission for vaccination from State Vet Boland
- ii) The only accepted registered vaccine for competition purposes is the OBP vaccine, in terms of the "Farm Feeds, Agricultural Remedies & Stock Remedies Act 1947 (Act 36 of 47).
- iii) AHS vaccines must be administered by a veterinarian, who is required to sign and stamp the passport.
- iv) Vaccines must be administered with a minimum of 3 weeks (21 days) apart. Vaccines given less than 3 weeks will invalidate both vaccines. (It has come to the notice of SAEF the growing number of horses that are receiving the second AHS vaccine within 15 to 20 days of the first. Not only is the horse ineligible to compete, but the welfare of the horse becomes compromised.)
- v) For competition purposes horses residing in the Free & Surveillance Zones of the Western Cape do not require AHS vaccine. However, should they leave the Free U Surveillance zones they will be required to have AHS vaccine, both for competition purposes and for movement back into the controlled area.
- vi) Vaccination is only allowed in the Controlled Zones, between 1st June and 31st October each year. Whilst it is strongly recommended that horses are not vaccinated during high midge prevalence, vaccination times are not legislated in the Infected zone.
- vii) Due to the shortage of AHS vaccine - SAEF Vaccination Directive 8 August 2024 the SAEF issued a dispensation for all competition horses.
"For competition purposes horses must receive one AHS1 and one AHS 2 vaccine between 1st June 2022 and 1st December 2025. Check SAEF for any updates as they are closely monitoring the situation.

FEI REGULATIONS ON PASSPORTS (FEI GENERAL REGULATIONS ART. 137)

FEI Passports or FEI Recognition Cards (for those Horses with a national passport approved by the FEI) are compulsory for FEI Events.
