CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in International Equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses' welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health, before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the Event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper Veterinary care, competition injuries, euthanasia, and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The SAEF Executive have agreed to the following dispensation with will come into effect from the 1st April 2026, and remain in effect unless rescinded by the SAEF, due to an outbreak of Equine Influenza in the country or other circumstances that may occur requiring more frequent vaccination.

All horses born after the 1st January 2020, or horses that have not previously received vaccination will be required to demonstrate the administration of the Primary Equine Influenza Course of V1, V2 and V3 as set out in the SAEF/FEI Veterinary Regulations as per the rules prior to 1st January 2024, or as per the rules from the 1st January 2024.

However, if a calendar year is exceeded between annual vaccination, the Primary Course will have to be repeated. **No vaccination may be administered in the 7 days preceding any event that the horse may be entered into, or attend a measuring session.**

Horses born prior to 1st January 2020, must demonstrate at least annual vaccination, with an interval between vaccinations not exceeding 1 year, and administered by a veterinarian to avoid having to complete the Primary Course.

VERY IMPORTANT MESSAGE TO FEI RIDERS - FEI HORSES ARE NOT EXCEMPTED

Please note: Horses registered with the FEI and competing in FEI events are not exempt from vaccination under this dispensation. All FEI registered horses MUST be vaccinated by a REGISTERED veterinarian with Equine Influenza vaccine within 6 months and 21 days of competition.

AFRICAN HORSE SICKNESS (AHS)

African Horse Sickness is a controlled disease in South Africa, and as such the State Veterinary Department must be notified of any positive cases. According to the Government "Animal Diseases Act 35 of 1984" all Equidae must be vaccinated against AHS annually, (except in the controlled AHS Zones of the Western Cape)

The only vaccine currently registered in terms of Fertilizers, Farm Feeds, Agricultural Remedies and Stock Remedies Act 1947 (Act no 36 of 47) for AHS and therefore the only efficient/effective remedy “as described above is the live virus vaccine produced by Onderstepoort Biological Products (OBP).

For Competition purposes the following apply:

- i) As per the directive issued on the 8th August 2024, for competition purposes in the AHS infected zone, horses must have received at least ONE AHS Bottle 1 and one AHS bottle 2 vaccine between 1 June 2022 and 1 December 2025
- ii) From 1 December 2025 for competition purposes in the AHS infected zone, horses must have received at least one AHS 1 and one AHS 2 vaccine in a calendar year. (i.e. between 1 January and 31st December each year)
- iii) Horses residing in the AHS Controlled area within the AHS free and surveillance zones of the Cape do not require AHS vaccination in order to compete. However, should these horses leave the AHS controlled area, they will require vaccination against AHS as described in i) and ii) above.
For movement into the AHS controlled area of the Western Cape, a horse must have received its AHS vaccinations within 24 months of entry. Any changes to this requirement will be communicated by DALRRD and is outside the administrative control of SAEF.
- iv) Horse residing within the AHS protection zone require AHS vaccination in order to compete both within the AHS controlled area and, within the AHS infected zone as described in i) and ii).
- v) The only accepted registered vaccine for competition purposes is the Onderstepoort Biological Products vaccine, as it is currently the only registered vaccine against AHS in terms of the “Farm Feeds, Agricultural Remedies and Stock Remedies Act 1947 (Act 36 of 47)
- vi) AHS vaccines must be supplied and administered by a registered veterinarian, who is required to sign and stamp the passport as part of the vaccination certification.
- vii) The current AHS vaccine is an attenuated live vaccine supplied in 2 bottles AHS1 and AHS2.
The two vaccine bottles must be administered at least 3 (three) weeks apart. If vaccines are given less than 3 weeks apart, both vaccines are invalidated, making the horse ineligible to compete and compromising its welfare.
Research has shown that leaving a longer interval between vaccines is better for producing greater immunity.
- viii) In the AHS infected zone, it is strongly recommended that horses are not vaccinated during periods of high midge prevalence due to the risk of vaccine virus transmission by the midge vector.
- ix) **AHS vaccination is only allowed in the AHS controlled area between 1st June and 31st October each year due to the transmission risk. Owners wishing to have their horses vaccinated against African Horse Sickness in the Free and Surveillance zones of Western Cape for competition purposes outside the 2 zones, must contact the state vet in the Western Cape for permission to vaccinate.**
As per 24th June 2025 SAEF AHS Directive: Check SAEF for any updates as they are closely monitoring the situation.
