DETAILS OF COMPETITIONS

The courses for Level B and C will be the same in all respects, the courses for D and E will be the same in all respects just with a time of 300mpm for level E.

There will be two different courses each day of the Event, one for level A, one for B and C and then one for D and E.

Each level will have two competitions over different courses designed by Course Designers appointed by the SASJ EXCO.

The complete competition for each of the four levels consists of four rounds. The final score for each competitor is the total penalties for the four rounds and the aggregate of that competitor's times in the second and fourth rounds. If after the four rounds the total penalties and time are equal for any place, the fastest time in the fourth round of the competition will decide the highest placing.

BORDER OF STARTING

Competitors may ride no more than three horses in any one level and must ride the same horse in all four rounds.

The order of starting in the first round of all levels will be randomly drawn as provided for in SASJ database.

The order of starting in the second, third and fourth rounds will be in reverse order of merit using the scores obtained by the competitor in all the prior rounds.

The Event is to be staged over two successive days, with each level jumping two rounds per day and is run as one competition.

The order of competitions for each of the two days of the Event is to be as follows:

Levels E and L (90cm)
